Value Added Progress Measure between KS1 and KS2 2018

Progress scores will be centred around 0, with most schools within the range of -5 to +5.

- A score of 0 means pupils in this school on average do about as well at KS2 as those with similar prior attainment nationally.
- A positive score means pupils in this school on average do better at KS2 as those with similar prior attainment nationally.
- A negative score means pupils in this school on average do worse at KS2 as those with similar prior attainment nationally. A negative score does not mean that pupils did not make any progress; rather it means they made less progress than other pupils nationally with similar starting points.

Schools were above their DfE floor target if:

- At least 65% of pupils meet the expected standard in Reading, Writing and mathematics; or
- The school achieves sufficient progress scores in all three subjects and is above the national floor standard in Reading, Writing and Maths.

The Academy met the Government floor standard for progress in 2018.
